Galaxy Polymers has earned goodwill of being a reliable manufacturer of Plastic crates that have application in diverse industries

About Us

Incepted in the year 2007, **Galaxy Polymers, New Delhi** has earned the goodwill of being a reliable manufacturer of plastic material handling crates that have application in diverse industries. Our range of industrial crates, Dairy crates, fruits & vegetable crates etc can be availed in variety of colors, sizes, shapes and storage capacities.

Our plastic products undergo numerous quality checks to ensure that these match the industry recommended parameters of strength, temperature, & durability. These crates are characterized by their sturdiness, easy handling, and capacious storage area. The plastic crates that we deal in, cater to the requirements of milk plants, retail outlets, bakeries, vegetable and fruit marts.

Since our inception, the business has grown manifold, owing to the unwavering support and expert guidance of our founder **Mr. Nitin Manchanda/Saurabh Manchanda**. His in-depth industry & product knowledge has enabled us to manufacture industry specific plastic crates that are widely appreciated by our domestic and international clients.
